

# WowzaTM Terms of Service

## 1. Acceptance of Terms

By using any services provided by WowzaTM, including but not limited to subdomains obtained through the Partner Program or Bionic, you agree to comply with these Terms of Service ("ToS"). If you do not agree, you may not use our services.

## 2. Subdomain Registration and Personal Information

To register a subdomain under WowzaTM, we may collect and store certain personal information for legal purposes, including compliance with domain registration requirements (such as WHOIS records). Some of this information may be publicly accessible, though we take measures to redact sensitive data for privacy.

## 3. User Responsibility

Users are solely responsible for the content hosted on their WowzaTM-provided subdomains. Any content that violates laws, infringes copyrights, distributes malware, or engages in fraudulent activities is strictly prohibited. WowzaTM reserves the right to suspend or terminate subdomains found in violation.

## 4. Banner Requirement for User-Curated Subdomains

All subdomains provided by WowzaTM that allow user-curated content must include an unremovable banner at the bottom of each page. This banner:

- Clearly states that the site is **not endorsed by the site builder (e.g., Google Sites) or WowzaTM**.
- Provides a link to the site's registration details (with redacted personal data for privacy).
- Includes instructions on how to report malicious content to WowzaTM support for review and potential suspension.

## 5. Termination and Suspension

WowzaTM reserves the right to suspend or terminate any subdomain without prior notice if it is found to be in violation of these ToS, involved in illegal activities, or deemed harmful to the integrity of our services. Users of WowzaTM subdomains or other eligible products are also bound by the **WowzaTM Partner Program Terms of Service** (<https://partners.wowzatm.me/tos>), and their subdomain or other eligible products may be suspended in accordance with those terms.

## 6. Disclaimer of Liability

WowzaTM is not responsible for any damages, losses, or issues arising from the use of our subdomains. Users assume full responsibility for their hosted content and any interactions with visitors.

## 7. Bionic Services and Terms

WowzaTM no longer develops or manages Discord bots. All Discord bots previously provided

by WowzaTM are now developed by Bionic and are subject to **Bionic's Terms of Service**. Users of these bots must adhere to Bionic's policies, and WowzaTM is not responsible for any issues arising from their use.

### **8. Changes to Terms**

We may update these Terms of Service at any time. Continued use of our services after modifications constitute acceptance of the updated terms.

For any inquiries or to report a violation, please contact support at [jay@wowzatm.me](mailto:jay@wowzatm.me).
